

Gender, beyond 1 and 0

Els van Vessem (they/them)

Guidelines

- No homofobia, transmisia, racism, bodyshaming, etc.
- All questions are good questions, if they come from a place of respect and curiosity
- Different places and cultures can have different ideas about gender and sexuality.

Why are we talking about this?

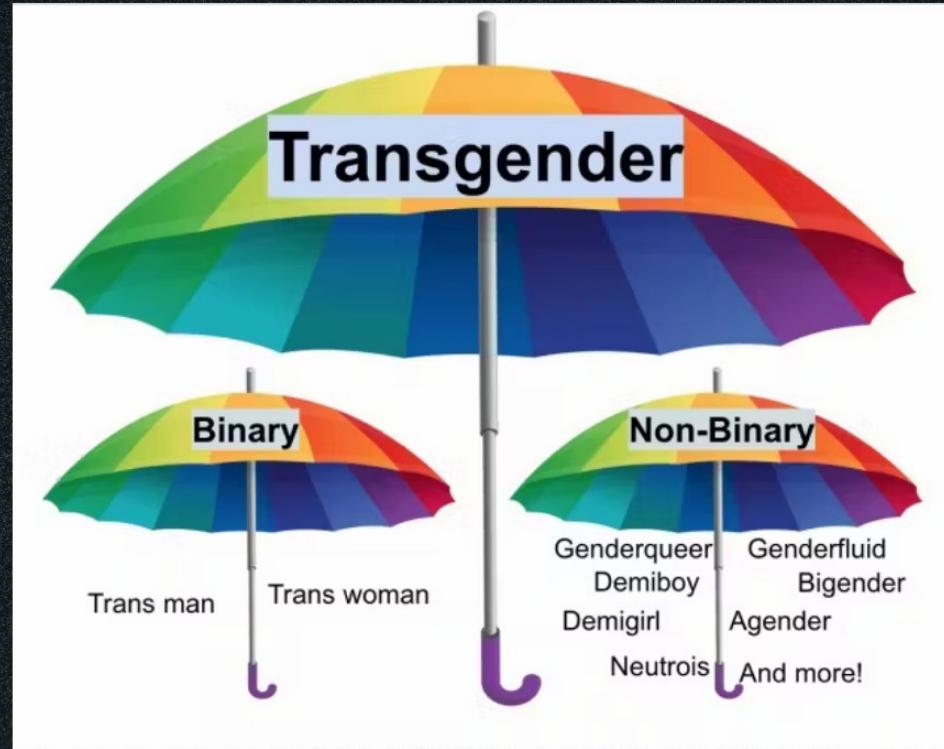

- 20% of all people are not fully heterosexual
- 1-3% of all people are not cisgender
- LGBTQIA folks are not your one stop shop for all things diversity
- It's okay to make mistakes; but more knowledge helps

Strategies you can use to help

- Direct
- Delay
- Distract
- Delegate

Actions organizations (could) take:

If anything, remember this:

- Gender identity =/= gender expression =/= body
- Being transgender != going in transition
- Gender(identity) can be fluid.
- Use the requested pronouns
- Small actions can have a big impact
